2. Some children laughed behind Amal's back. ( )

B) Answer the following questions:

3. What happened to the robot on the night before the fair?.....
4. What do you think changed the children's opinions of Amal?.....

3. Read the following text and answer the following questions:

Amina doesn't like math. She used to think she had to study computer science because everyone says it's excellent. But she felt stressed every time she saw numbers. One day, her cousin showed her a graphic design on a tablet. Amina drew it and made it move. She smiled for the first time in weeks. She learned that computer science is about numbers, but graphic design is about colors and ideas. She didn't know you could make art with computers. Her motivation is creativity – not money. She says, "I don't work for money. I work because I feel free." She doesn't want to be an engineer. She wants to design games for kids.

A) Choose the correct answer from a, b, c, or d:

1. Amina felt stressed when she saw ..... .
   a) buildings b) numbers c) animals d) cars
2. Amina learned that graphic design is about colors and ..... .
   a) objects b) tools c) ideas d) photos

B) Answer the following questions:

3. What is the main idea of the passage?.....
4. What two jobs did Amina learn about?.....
5. Does Amina work for money? Why?.....
