If you see someone in need of help, offer them a helping hand—kindness can change the world.

We are all different, and that's what makes us special. Respect the differences among your classmates.

Don't forget that words like "Thank you," "Please," and "Sorry" are kind words that bring joy to you and others.

Eat fruits and vegetables daily. They strengthen your body and help prevent illnesses.

Exercise every day to keep your bones and muscles healthy.
